WEB ASSET TRACKING

Manage your fixed assets + take physical inventories via the web.

WHERE ARE YOUR ASSETS?

If you are looking to minimize tax and insurance costs or meet audit requirements, then asset visibility is critical. Use RedBeam to maintain accurate fixed asset records so you know what you have and where it is.

THE RIGHT TOOL FOR THE JOB

RedBeam Web Asset Tracking integrates best asset tracking practices (bar coding, detailed record keeping, and reporting) in one powerful system, accessible real-time from your desktop and on Windows Mobile 6.5, Android and iOS devices.

QUICK INVENTORY

Use RedBeam Web Asset Tracking to streamline your next asset inventory by up to 70%. Select a location, scan the assets in that room, and move on to the next location.

RELIABLE AND SECURE

RedBeam leverages Microsoft® Azure to deliver an enterprise cloud solution that you can trust. Not interested in the cloud? RedBeam offers a self-hosted model as well.
